

Investing for Success

Under this agreement for 2022 Canungra State School will receive

\$109,823*

This funding will be used to

- Increase the percentage of students achieving above standard results in English to achieve the school target of 46% of students
- Reduce the number of students in Prep to Year 3 achieving a below standard result in English to achieve the school target of 92% achieving C or better level of achievement

Our initiatives include

- Provide targeted professional development and coaching to deepen teachers' understandings of effective pedagogical practices to differentiate teaching and learning
- Provide focussed and intensive teaching, and assistive technology for students requiring additional support to demonstrate achievement against the year-level achievement standards
- Provide intensive support for students demonstrating high levels of achievement

Our school will improve student outcomes by

Employ additional staffing to release teachers and teacher aides for weekly meetings for case management, curriculum collaboration, differentiation based on data and build capacity of teachers and teacher aides.	\$19 424
Additional school purchase of 0.1 FTE Speech Language Pathologist to work with the Support team to develop Reader Profiles and intervention plans for students who are long term below standard for reading.	\$10 399
Employ a TA to deliver a school based playgroup, before school oral language programs and support small group differentiated instruction	\$35 000
Provide coaching and professional development in effective pedagogical practices	\$15 000
Purchase additional ICT resources to provide assistive technology to enable all students to access the curriculum	\$30 000
